## POSSIBILITIES

It's possible you may come up with one of these excuses for not considering college or re-training schemes:-

**You say:** I haven't got the time, I'm already working.

**We say:** You can **MAKE** time if you really want to - you deserve time to do the things you want to do.

**You say:** Who's going to look after the kids?

**We say:** Lots of colleges and training providers now offer childcare - ask at POW.

**You say:** I hated school - why should I go back to something I hated?

**We say:** You had to go to school. You had to learn what you were told to learn. This time, you'll make the choices. You'll say what you want to learn when you want to learn it.

**You say:** I earn a good living from prostitution - why should I change it?

**We say:** You can earn a good living from another job, and nobody's saying you have to give up prostitution, but girls can you do it forever, what about the future?

**You say:** Are you trying to stop me working as a prostitute?

**We say:** **NO**, we are not. We're trying to offer you a choice for the future. You can go to college and work - it's up to you.

## POSSIBILITIES

It's possible

you think you can't afford to go to college as the college fees are quite expensive
